Emergency Dental Coverage Outside the U.S.

Emergencies can happen anywhere, even while you're exploring new places. That's why HRI Dental & Vision provides valuable coverage for unexpected tooth emergencies outside the United States.

Coverage Highlights:

1. Emergency Reimbursement for Dental Services Abroad

If you need emergency dental care while traveling outside the U.S., HRI has you covered. Seek the care you need, keep your receipts, and we'll reimburse you for services provided.

2. Simple Claim Processing

To process your claim, please provide:

- A statement from the dental provider, including the date of services and itemized description of each charge, along with a tooth number (if applicable).
- Proof of payment.

We'll convert the charges to U.S.-comparable ADA codes, process the claim, and reimburse you directly, according to your dental plan benefits.

Important Details for Reimbursement:

- **Deductible and Out-of-Pocket Costs:** Members are responsible for the deductible and any other out-of-pocket expenses required by the plan.
- **Service Limits:** Services not covered by the plan and charges above the maximum allowable will also be the member's responsibility. This benefit is not intended to cover the member's six month exam and cleaning.

With HRI emergency dental coverage abroad, you can rest assured knowing that support is available when you need it.
