Community Outreach

• Art of the Cut: 700 attendees at second annual ProMedica Barbershop Initiative.

Survivorship
• 1,400 survivors recognized with seeded cards through “Hope Grows Here” Campaign.

Local Cancer Sponsorships
• Presenting sponsor of Over the Edge for Victory! event raised over $140,000.
• Table sponsors at the annual Victory Center Fashion Show and Celebrity Wait Night events.
• Komen Race for the Cure sponsor for the first-ever virtual race.

Pediatric Clinical Research Trials

50 clinical research trials open for infants, children and adolescents.

ProMedica Cancer Institute 2020 Annual Report

Important Accreditations and Awards

American College of Radiology
Full 3-year accreditation received in 2020 for radiation therapy programs at ProMedica Baby, Fremont Memorial, Monroe Regional Hospitals and ProMedica Flower Hospital and ProMedica Maumee Cancer Center as departments of ProMedica Toledo Hospital.

American College of Surgeons Commission on Cancer (CoC)
Earned the Outstanding Achievement Award.

Quality Oncology Practice Initiative (QOPI)
Our medical oncology program demonstrates a commitment of quality to patients, payors, and the medical community.

The National Accreditation Program for Breast Centers (NAPBC)
ProMedica Flower and Toledo Hospitals are NAPBC accredited, meeting the nation’s highest standards of breast care community.

ProMedica Cancer Institute is the only cancer program in the region to maintain ALL of these accreditations, which sets us apart from competitors.

Pediatric Recognitions

Children’s Oncology Group (COG) Our pediatric cancer center is a member of the world’s largest organization devoted exclusively to pediatric clinical trials and cancer research, supported by the National Cancer Institute. We are the only member in the region.

As part of the Academic Affiliation with the University of Toledo College of Medicine and Life Sciences:
• Two ProMedica Physicians doctors worked with two full-time fellows and served as core faculty initiating inpatient oncology rounds at the Academic Medical Center and continuity clinic at ProMedica Flower Hospital.

• An additional ProMedica Physicians doctor serves as the Associate Program Director to provide core hematologymedicine education for the fellows.
• Additional fellows participate in hematologymedicine electives within ProMedica.
