To Parent(s) and/or Guardian(s):

The Telemedicine Clinic gives your child an opportunity to be seen by a licensed healthcare provider without having to leave the school. An explanation of services offered by the Telemedicine Clinic is listed below. You do not have to be present for your child to be seen; however, a consent form must be signed by you in order for any services to be rendered.

### Description of Services

- Primary care services via telemedicine to ProMedica Pediatric and Adolescent Center
- Care for acute illness and minor injuries such as strep throat, ear infections, rash, and influenza
- Preventative care such as immunizations
- Insurance enrollment assistance for adolescents that are uninsured or underinsured
- On-site behavioral health counseling

Your insurance will be billed for services provided in the clinic. If you do not have insurance, services will be provided on a sliding fee scale that is based on the student’s income. Please contact us if you have any questions or concerns at the following number: 517-279-5295.

**Crisis interventions and emergency care do not require consent. Life-saving interventions MAY be initiated without prior consent.** Services NOT provided at ProMedica School Telemedicine Clinics include prescribing and dispensing contraception, abortion counseling, and long term psychotherapy.

**Current Michigan Law mandates (requires) confidential services to be available to minors in these areas:** pregnancy, sexually transmitted infections (STI), human immunodeficiency virus (HIV) testing and counseling, behavioral health counseling, and substance abuse counseling.

### Contact Information

Our staff is here to assist you, and we are available to communicate with the parents of each student. We want to know your concerns and be able to keep you updated on your student’s health. State law mandates full confidentiality in certain circumstances. The telemedicine works with, and is not meant to replace, your family doctor. Feel free to contact us during office hours.

Consent for School Telemedicine Clinic Services

Student’s name: ____________________________

I, the parent/guardian of said student, give consent for my child to receive all services at the Telemedicine Clinic. I understand that this consent form is valid for as long as the student is enrolled in Coldwater, Quincy or Bronson Community Schools or until I provide the clinic staff with written directions otherwise.

All healthcare information is confidential. By signing the consent form, you are giving the telemedicine clinic permission to communicate and share medical information with your child’s primary care doctor. Communication regarding your child’s medical condition will be on an as-needed basis with the understanding that this information will continue to be treated in a confidential manner. No student will be denied access to healthcare services due to inability to pay. As in any health clinic, there may be a charge depending on the service provided. When available, insurance or Medicaid will be billed. The health center may release information regarding treatment to third party payors for billing purposes.

Confidentiality between the student, parents and the health clinic is assured. By law, some information requires the student’s signed consent prior to disclosure to anyone, including parents/guardians. The staff will encourage every student to involve his/her parent/guardian in health care decisions.

I am the legal guardian of the above named child. I understand that if guardianship changes a new consent must be signed by the legal guardian. I also understand that by providing an alternative contact, if I cannot be reached, medical information regarding the above named child will be shared between the medical provider and the alternative contact.

Signature of Parent / Legal Guardian ____________________________ Date ____________

Staff Signature ____________________________ Date ____________
