 TREATMENTS

Discover a New You at **Nu-él A Lifetime Boutique**

Offering medical grade skin products and services for your Skin Health. A Consultation with Vickie Moser, Medical Aesthetician, includes a VISIA skin analysis, choosing a skin care regimen and treatment plan for you. Learn how you can reach your Skin Health goals through a personalized plan including a home-care regimen and our office treatment recommendations.

VISIA Imaging System

Consists of a computerized complexion analysis and is the most effective way to identify and document the often hidden effects of Sun and Aging.

Peels

Innovative, in-office treatments. Peels exfoliate the skin and target sun damage, melasma, acne, fine lines, rough texture, large pores and dullness, while stimulating the growth of collagen and elastin. A consultation will help you to customize a treatment for your skin.

Facials

Relaxing and radiant. A benefit for an immediate improvement that can be customized for your skin type. Consultation required.

Dermaplane

Gentle exfoliation of the top layer of skin, removes old skin cells and that bothersome peach fuzz hair on the face. No down time and immediate results.

Makeup

Jane Iredale The Skin Care Makeup

Questions:

Do I have to come in without my makeup on?

No. It will be removed as needed for your treatment. You will leave with the application of proper skin care. However, you may have your makeup reapplied in the Boutique if it is allowed with your service treatment.

What if I have a question about my treatment after I leave?

You may call the Boutique Monday – Friday 10-5. At your treatment service you will be giving contact information for after hours.

Do I have to book an appointment if I want a VISIA?

Nu-él Boutique sales associate are available Monday – Friday 10am-5pm to complete a VISIA Imaging Analysis. You may book a Consultation with Vickie Moser, Medical Aesthetician, for skin care regimen or treatment.

VISIA Initial Evaluation No Charge with product purchase

Includes skin analysis, photograph and recommended product regimen.

Professional Peel Treatments

Add a *Hydration, Brightening, or Acne Masque* \$25 each

Stimulation Peel \$100.00 **Invisapeel** \$85.00 (for Sensitive Skin)
